MINERS MEET TO CONSIDER VITAL LABOR PROBLEMS

Nationalization of Coal Mines and Short Hours Are Two Subjects.

ENGLISH MINERS SEEK AID HERE IN THEIR FIGHT

Session In Cleveland Will Last Three Weeks, It Is Believed.

Cleveland, Sept. 9.—With some 2,000 delegates from the collieries of the United States and Canada gathered in the armory of the Cleveland Grays, the international convention of the United Mine Workers of America, the 25th consecutive gathering of that organization, was called to order at 10 o'clock this morning. Events have been planned to make it probably the most important in the history of the United Mine Workers since, quite apart from the possibilities of trouble contained in its almost certain demands for higher wages and shorter hours. The miners of Great Britain are looking to it for support and co-operation in the questions of the six hour day and 30 hour week, and of the nationalization of coal mines. Both articles of the British miners' program figure upon that of the Cleveland convention. Favorable action, which is anticipated, is expected to have a sympathetic influence upon the struggles across the Atlantic.

The convention was called to order by H. W. Ralston, on behalf of the Cleveland Federation of Labor and short speeches of welcome were made by Mayor Harry L. Davis of Cleveland, John Lerhring, secretary of the Cleveland Federation of Labor, and John Moore of Toledo, representing the Ohio Federation. Great significance upon the opening program however, in view of the desire to secure the support of organized labor everywhere for the Plumb plan for the nationalization of the railways was the presentation of it by Warren S. Gurnea, grand chief of the Brotherhood of Locomotive Engineers; Timothy Shea, acting president of the Brotherhood of Locomotive Firemen and Enginemen; W. E. Lee, president of the Brotherhood of Railway Trainmen, and L. B. Sheppard, president of the Order of Railway Conductors who at a late hour has been added to those to attend a Cleveland welcome to the convention.

The response by Ralston, President John M. Lewis of the United Mine Workers of America in the chair of the convention, outlining to Frank Hays, president of the American Federation of Labor, the program which is expected to last from two to three weeks. Today's session will be devoted almost entirely to the opening ceremonies, the work of organization and the presentation of the report awaiting President Lewis and of Secretary-Treasurer W. G. Gyon, who are expected to lay the foundation for the work of the delegates in regard to wages and hours of labor, nationalization of mines.

No discussions on the subjects are expected until later in the week since the proposed changes in wage scales must first be submitted to the scale committee, comprising 27 districts, representing 27 unions. Other resolutions submitted for consideration furnish abundant material for discussion of practically all political questions connected with the war and readjustment to peace conditions.

5 STRIKERS DEAD IN POLICE CLASH

Mob of 1000 Refuses to Obey Police Order to Disperse and Shooting Follows.

Hammond, Ind., Sept. 9.—Five strikers were killed and 15 wounded today in a battle between 10,000 former employees of the Standard Steel Car company and the police.

Two months ago 2000 workmen at the plant went on a strike for increased wages and improved working conditions. Five weeks ago there was a riot between strikers and the police in which a number of persons were injured and as a result of this outbreak Governor Goodrich sent a regiment of the Indiana state militia to Hammond to restore order. The troops were withdrawn about two weeks ago. Yesterday 200 strikers returned to work and this caused considerable bad feeling among the men who refused to return.

Today when the 200 men were on their way to work a crowd of 1,000 former born strikers gathered in the street, several blocks from the plant of the Standard Steel Car company and threatened to disperse.

The order was greeted with jeers and the men refused to obey. Captain Ben Strong, in charge of the police, then ordered the leaders of the mob arrested. When the police attempted to execute the command the crowd attacked the police and special guards with sticks and stones and several of the strikers drew revolvers and fired a number of shots. According to Captain Ben Strong, the shooting started when a flying about 75 shots into the crowd, killing five and wounding fifteen strikers. Later the strike leaders were taken into custody.

None of the policemen or special guards was wounded in the fight.

BURIED EIGHT YEARS AGO BUT RETURNS FROM WAR.
Steubenville, Sept. 9.—John Thayer, son of J. W. Thayer, was buried eight years ago. But he is on his way home from France, never the less. About eight years ago the boy disappeared. A body was found and identified as that of John Thayer. Funeral services were held.

Now his father has received word that the boy is coming home from France where he has served two years with the American army. A big reception is planned for him.

ALLIES SEND DEMAND TO GERMAN GOVT.

Paris, Sept. 9.—(Havas).—The supreme council of the peace conference will today draft a note to be sent to Germany demanding the suppression of Article 61 of the German constitution providing for Austrian representation in the German parliament, according to newspapers. It is said the council considers the German answer to the council's note relative to Article 61 as insufficient.

MACHINE GUNS GUARD JAIL AT KNOXVILLE

Knoxville, Tenn., Sept. 9.—Machine gunners and armed deputy sheriffs continue to guard the jail here as a precaution against possible attack to release some of the fifty or more prisoners held there on charges growing out of the rioting on August 30.

COUNCIL ADOPTS PLAN FOR WATER PURIFYING PLANT

Engineers Report and Plans For \$250,000 Addition to Water System Gets Unanimous Endorsement.

City council last night at a special meeting approved the plans compiled by Blackberry & Barber of Columbus and Boston, for a water purification plant. While the details have not been determined upon it is estimated the plant will cost \$250,000.

The Columbus firm was recently engaged by the city to make a survey, and its report was read last night before a full attendance of councilmen.

The report stated that the engineers had not needed time to get the statistics from the local health board on typhoid fever later than 1917.

Chlorine has been used to purify the water for more than two years. It was estimated that 25 deaths out of 100,000 were due to typhoid and that the use of chlorine, which will not be discontinued in the new purification plant, reduced the number by from three to five deaths.

The report was lengthy and comprehensive, stating that the new plant would mean a saving of \$50,000 annually; \$10,000 in the sale of bottled water; \$25,000 in illness, and \$15,000 in the use of soap as the purification plant will also soften the water.

Under the proposed plans the plant will be erected near the present water works building and the purchase of new ground will not be necessary. A building will be erected but the only new machinery needed will be a 5 h. p. generator and a centrifugal pump. These are to be used when the electric power plant is not working, or presumably during the daytime. It was estimated the cost of the plant would be \$250,000, but no action on matter of securing the money was taken.

A motion was put by Councilman Newark approving the plans and it was seconded by Councilman Riggs and unanimously adopted.

The next step to be taken will be the statement from the state board of health regarding the local water situation.

PRICE ASKS PERSHING TO ATTEND ELKS' REUNION

Columbus, Sept. 9.—John G. Price, attorney general and chairman of the Elks State Reunion committee today sent the following message to General John J. Pershing:

"To honor him with your presence at the annual reunion Ohio Elks Association at Columbus, Sept. 16 to 18.

"They are rejoicing at your safe return and are anxious to bid you a hearty fraternal welcome.

"Many of your boys will be here in person to revere the memory of the 'oldest brothers' who could not return with you except in spirit."

BALL PLAYER'S SKULL FRACTURED BY BALL

Toledo, Sept. 9.—Dennis Murphy, catcher for the Toledo American Association, is in a hospital with a fractured skull, having been taken there yesterday, following an accident which occurred in one of the Toledo-St. Paul games of Sunday when Murphy was hit by a ball pitched by Dan Griner.

Physicians attended the ball player are unable to explain Murphy's injury. Murphy was knocked down but arose shortly and walked off the field. He was attended by a physician in the club house and it was not discovered until late yesterday that his skull was fractured.

Murphy was purchased recently by the New York Americans along with Pitchers Alex Ferguson and Roy Sanders who are to report there next spring.

WILL CONDUCT NIGHT SCHOOL.
Ashtabula, Sept. 9.—City schools opened here yesterday with a total enrollment much greater than in former years. The teaching staff numbers 109, a ten per cent increase over last year. Night schools are to be conducted for employed boys who wish to take practical subjects and a school for Americanization is to teach English and civics to foreigners.

WOMAN DRIVER IS FEATURE OF CO. FAIR RACES

Has Entered Horse In Races at Moundbuilders Park This Week

SCHOOL AND FARM SHOWING WILL INTEREST PARENTS

Poultry and Live Stock Departments Are Well Filled.

Newark and Licking county harness race lovers, will see in action at the county fair races this year, the only woman race horse driver in America. She is Vesta M. Stibbs. Her driving has been a feature of a number of county fairs over the state and she has won much publicity for her work.

This is but one feature of the race program which opens with the word "go" by the starter Wednesday afternoon. The entries received by Secretary Hale indicate that one of the best race meets in recent years is in store for the devotees of harness racing.

Of course the race program is regarded as the big feature of any fair, but Secretary Hale declares that there are many interesting features in this year's exhibition that it is difficult to elevate one above another.

The educational exhibit, which will interest every parent in the county, is being arranged by County Superintendent N. D. O. Wilson and Superintendent Barnes. It will include a display of work done by city and county pupils in art, domestic science and manual training departments. It will show the rapid strides made in educational methods in the past few years.

The county fair bureau and the farm agent L. L. Moults has taken special interest in the fair this year and as a result the exhibit showing the activities of this organization will be of special interest. Boys' and girls' club work has been one of the special efforts of the farm bureau and the results of the work of organizing these clubs will be shown in the live stock exhibit by the youngsters and their judging of the stock.

The exhibit of pure bred live stock will be the latest in the history of the agricultural society. It is stated, Licking county farmers are taking more interest than ever before in thorough bred cattle and there will be many prize animals on display, taken from Licking county herds. Practically every breed will be shown. The Holstein and Jersey breeders will have unusually large displays.

The poultry fancier will find that his pet hobby has not been overlooked and there will be aristocratic representatives of the feathered family in the poultry department.

The prospective purchaser of an automobile will find it difficult to run the battery of salesmen who will be located in "automobile row" with classy automobiles. There will be the usual display (Continued on Page 11, Col. 2)

COWEN QUILTS JOB AS STATE HIGHWAY CHIEF

Columbus, Sept. 9.—Clinton Cowen, state highway commissioner, resigned yesterday, effective today.

He will be succeeded by A. R. Taylor, Democrat, Findlay, county surveyor of Hancock county.

Cowen is a Cincinnati Republican appointed by former Governor Willis. His term expired June 15. He is a former Denison student and is well known in Newark. In his resignation, filed with the governor, he said he was in need of an extended rest.

Cowen announced that after January 1 he will be connected in an engineering capacity with a road and building material company of Cincinnati. Before becoming highway commissioner he was surveyor of Hamilton county several terms.

Taylor was appointed two years ago on the contention of Cox that Cowen no longer had a claim on the office. Cowen resisted, however, and was sustained by supreme court.

PERSHING WILL REVIEW ARMY OF BOY SCOUTS

New York, Sept. 9.—General John J. Pershing escaped a resumption today of the tumultuous welcome that greeted him on his arrival from France yesterday, by remaining in his hotel apartments until time to review a small army of 2,000 boy scouts in Central Park this afternoon. The scouts will be assigned to act as the general's escort in the park where 50,000 school children were gathered to sing patriotic songs and hear him speak.

Tonight at 8 o'clock General Pershing will be the guest at a reception tendered him by the Elks. In memory of the El Paso lodge and a large delegation of Elks from that city and other lodges are here in his honor.

General Pershing will lead the parade of the first division, which was mounted on his favorite sorrel horse, "Kidron."

THIS BOOZE SUBSTITUTE CARRIES FATAL KICK

Cleveland, Sept. 9.—Police today were questioning a man and woman believed to be the local agents for a Pittsburgh ring that has been distributing a poison concoction, that under the guise of whiskey, caused three deaths here yesterday. An analysis of the spurious contraband was being made by City Chemist Knapp today.

It is the fact that the fatal mixture was shipped from Pittsburgh he would ask federal agents to help in the investigation. Zoul believes the mixture is a combination of wood alcohol and berry juice.

HAS PLAN TO MERGE ALL VETERAN ORGANIZATIONS.

Columbus, Sept. 9.—Plans for combining into one patriotic federation all soldier societies and auxiliaries are under way, according to Commander-in-Chief of the Grand Army of the Republic meeting here.

Tentative plans, he said, call for the merging of the G. A. R., the Confederate Veterans, Spanish War Veterans and Veterans of the World War who are members of the American Legion.

President Henry D. Lindsey, Secretary Grenville Clark and Counsel Elihu Root of the World War Veterans will come to Columbus this week, he said to talk over plans for the final details. The final details, he said, would be worked out at a meeting of the American Legion to be held November 11 and 12 at Minneapolis. Marshal Fuch is expected to be the principal speaker at that meeting, it was said.

Feeling Grows That Some Concessions Must Be Made.

COMPROMISE RESOLUTIONS CIRCULATED PRIVATELY

Controversy Enters Into Final Stage Wednesday—Committee Reports

Washington Sept. 9.—Further progress in their efforts at compromise was seen today in the continued conference of leaders in the senate peace treaty controversy. Feeling was said to be growing among unamended ratification advocates that some sort of concessions would have to be granted to get the extremes on both sides to agree to the views of the so-called "mild" clause reservationists. Compromise resolutions were being circulated privately among senators.

HUNGARY SEEKS PEACE WITH THE RUMANIANS

Paris, Sept. 9.—(Havas).—Dr. Stephan Friederich, premier of Hungary, is reported to have dispatched printed newspapers here to the Hungarian delegation to Bucharest. The report states that besides being empowered to negotiate peace with Rumania, the delegation may discuss the eventual union of Hungary and Rumania.

AUSTRIAN WILL SIGN TREATY WEDNESDAY

Paris, Sept. 9.—Dr. Karl Renner, the Austrian chancellor and head of the Austrian peace delegation, who is to sign the peace treaty tomorrow for his nation, arrived in Paris from Vienna this morning.

PLAN NEXT STEP IN STEEL UNION

Labor Leaders Hold Conference With Members of 23 Unions To Take Action.

Washington, Sept. 9.—Determination of the next step by organized labor in its effort to unionize the steel industry was expected to be made today at a conference here today of representatives of the 23 international unions embraced in the industry.

No indication was given of what action the conference might take in response to the plan of the United States Steel corporation to grant a hearing to union officials. That President Wilson's reply to request of President Gompers of the American Federation of Labor that he impede to secure a hearing for the unions, would have an important bearing on the action of the conference was believed possible. Although authorized by the President to do so, Mr. Gompers did not make public his opinion.

Conflicting claims as to the number of union steel workers have been made by the union heads and employers, the former placing the number at 80 per cent, the latter at not more than 10 per cent.

GEERS, VETERAN DRIVER INJURED AT SYRACUSE

Syracuse, N. Y., Sept. 9.—"Pop" Geers, veteran driver of the Grand Circuit, and "Bud" Chervier, Canadian driver, will be out of the harness racing game for the season as the result of accidents yesterday.

Geers was thrown when his horse fell in the first race and the driver suffered a fractured leg. Chervier sustained a fractured leg while driving Amardale in the third race, the horse throwing him at the half mile turn.

Four races are on today's program with the \$10,000 handicap stake first as the feature event. Other races are the 213 pace; the 218 trot and the 216 trot.

WHAT IF THEY'D ALL ARRIVE AT ONE TIME?

Youngstown, Sept. 9.—On motion of Councilman Jerry Sullivan, who won fame by having council pass an ordinance that "lower" car steps for "throw the street car stations into the Mahoning river," city council last night passed a resolution instructing its clerk to invite General Pershing, King Albert and Queen Elizabeth, Cardinal Mercier, the Prince of Wales, and De Valera, to visit Youngstown.

LEADERS IN FIGHT ON PEACE TREATY MAY COMPROMISE

Feeling Grows That Some Concessions Must Be Made.

STEEL INDUSTRY AGAIN SHOWS UPWARD TREND

New York, Sept. 9.—Unfilled orders of the United States Steel corporation on August 30 were 6,109,103 tons, according to the corporation's monthly statement issued today. This is an increase of 530,435 tons compared with the order book of July 31.

This is the second consecutive month to show an increase although it is only the third since October of last year. The upward trend in the steel industry began last June and there has been a steady improvement in conditions.

SEEK WOMAN FOR MURDER OF YOUTH

Knoxville, Tenn., Sept. 9.—Leroy T. Harth, president of the Imperial Motor company, and a wealthy young business man of this city, was mysteriously shot last night and died on the porch of a farm house on which he took refuge. Today the police are searching for a woman named Harth, who is said to be Harth's automobile was found near the scene of this death and the police theory is that he and the woman left the car together in the shooting followed and that Harth was killed. The woman's name was found upon him and robbery is not considered as a motive.

FATHER OF BANDIT VICTIM URGES ACTION

Chicago, Sept. 9.—James K. McGill, father of Herbert McGill, killed by Mexican bandits on August 30, has appealed to the federal government to take action to bring to justice the murderers of his son. This became known today, the announcement being that Mr. McGill, Chicago manager of the Banana Grocers' company, had written a personal letter to Senator Lodge of the foreign relations committee detailing the death of his son and requesting that a full investigation be made without delay.

EXPLOSION IN STREET EXCITES NEW YORKERS

New York, Sept. 9.—Hundreds of people were showered with flying glass today when gases which had accumulated under the pavement at Third Avenue and 42nd street caused a series of explosions today. The iron coverings of manholes were hurled high into the air but no one was hit.

The explosions caused a panic in the neighborhood and police reserves were called to restore order.

EFFORT AT COALITION CABINET IS FAILURE

Paris, Sept. 9.—Advices reaching the peace conference from Budapest indicate the government headed by Mr. Stephan Friederich, probably will remain in office indefinitely. It is said that France Heinrich's effort to establish a coalition cabinet has been abandoned and there is apparently a general support of the Friederich government.

NEWARK CAR HITS TREE IN MT. VERNON

William Penrose of the Penrose garage has a narrow escape from serious injury Sunday night when his machine crashed into a telephone pole at Park street and Coschoen avenue in Mt. Vernon.

Penrose was knocked unconscious but was not injured aside from some minor bruises. He was driving a Buick racer and was accompanied by two Mt. Vernon men. The machine was thrown the width of the street and demolished.

14,000 MINERS OBEY ORDER FOR STRIKE

Seranton, Pa., Sept. 9.—Fourteen thousand employees of the Delaware, Lackawanna and Western Coal company in its mines within Lackawanna county today obeyed the strike order of their grievance committee. They went on strike of support of the company's miners at Archbald, who are protesting against the discharge of those who refused to do emergency work at laborer's wages.

BOLSHEVIKS PROPOSE PEACE IN LITHUANIA

Paris, Sept. 9.—The Russian Bolsheviks have proposed peace to the Lithuanians according to reports from Polish sources.

It was reported September 2 that a peace Bolshevik front was starting to negotiate with the Lithuanians. The next day a Berne dispatch stated that formal proposals had been made by the Bolsheviks, but no confirmation of this report had as yet been received.

FOOD PRICES TO BE LOOKED INTO BY GRAND JURY

Court Instructs Jurors and Body Starts Investigation At Once—Criminal Cases Taken Up.

The grand jury of the September term of court convened this morning at 10:30 in common pleas court. One of the big things which the grand jury is expected to investigate is the high cost of living in Licking county.

This program has been adopted by the counties of the state in co-operation with the governor's campaign to reduce the cost of living. It is expected that some interesting reports will be made as Prosecuting Attorney Charles H. Hilly, announced upon his return from Columbus that an investigation would be made and the report filed by the grand jury.

FATHER OF BANDIT VICTIM URGES ACTION

Chicago, Sept. 9.—James K. McGill, father of Herbert McGill, killed by Mexican bandits on August 30, has appealed to the federal government to take action to bring to justice the murderers of his son. CARDINAL MERCIER WILL ARRIVE TODAY

New York, Sept. 9.—Cardinal Mercier of Belgium, will reach New York late today on board the naval transport Northern Pacific to thank America for the aid it sent to his country during the war. The cardinal will be met down the bay by a committee headed by Archbishop Patrick J. Hayes. There will also be a committee from Baltimore, representing Cardinal Gibbons. Cardinal Mercier will spend the night at the residence of Archbishop Hayes and will leave tomorrow noon for Baltimore to spend a week with Cardinal Gibbons.

EMPLOYEES DELAY STRIKE ACTION

Definite Decision Will Be Made In Detroit If Rail Director's Answer Is Given.

Detroit, Sept. 9.—Although the national committee of the United Brotherhood of Maintenance of Way Employees and railway shop laborers has been in session since the referendum strike vote of the membership, to call a continent wide strike if wage increases demanded of the United States Railroad administration and Canada are refused, definite action will be delayed upon on the floor of the international convention being held here, if the rail administration submits its answer before the session closes. This was announced by officers of the brotherhood this morning.

The men, according to their leaders, are determined not to accept any compromise of their demands but will strike if wage increases of \$1. per day are not granted. The new working agreement asked for is numbered 3.

The delegates, numbering nearly 3,000 expect that Director General of railroads Walker D. Hines, who is scheduled to address the convention tomorrow, will present the decision of the governing body of the Dominion's rail line in the wage demands it is anticipated. Canadian labor organization body officials will accompany Minister Robertson to Detroit and will also speak.

Brotherhood officials have announced their intention of organizing at an early date, maintenance of way employees and shops laborers on Mexican and Cuban railways.

WASTE OF WAR

(Continued From Page 1)

identical and the two ought to be reasonable enough to get together.

When it was realized that labor was not a commodity and a real co-operation had been established production would increase "by leaps and bounds," and that would be an element in reducing the cost of living.

The United States, the president said, had been provisional in past years in its economic relations to the world. There must be a change, he argued, if the United States were to rehabilitate the world.

That was why, he continued, the cost of living was a world-problem and was wrapped up in the peace treaty.

"It was just downright ignorance of world affairs," he declared, that prevented some men from seeing that point. There was applause when he remarked that he did not think either of the senators from Minnesota was afflicted with that state of mind.

"Any man with open eyes, could see the inevitable role of the United States must play in world affairs," said the president, and must realize that it was a case of either "welcoming or surrendering" to the facts.

Mr. Wilson said he had seen conditions on the other side of the water and knew first-hand what confidence the world reposed in America. He said he had been glad that the problem was a world-one and not one of domestic politics because he would be "ashamed" of himself if he made such a subject a partisan one, he added, however, that if he were a "scheming politician," and anyone wanted to present him with this issue as a platform, he would be glad to accept it.

The president's special train arrived at the St. Paul union station at 9 o'clock. The president was officially welcomed to Minnesota by Governor J.

A. A. Burnquist and to the twin cities by Mayors L. C. Hodgson of St. Paul, and J. E. Myers of Minneapolis. President and Mrs. Wilson received an ovation when they stepped from the train a few minutes later. The streets around the station were packed by the Minnesota National Guardsmen. The presidential party was immediately driven to the state capitol where President Wilson addressed a joint session of the state legislature at 10 a. m.

President Wilson received an ovation when he entered the house chamber at 10:17 a. m.

OLD GUARD OFF TO G. A. R. MEET

Company B With Drum Corps Goes to Columbus On Ohio Electric Special Tuesday.

With a brisk step which at times faltered and with their uniforms of blue and white, nicely pressed the remaining members of Company B, Old Guard, left on a special car for Columbus this morning at 9 o'clock to attend the national G. A. R. encampment.

These veterans of many years, carried their muskets, and were headed by a drum corps, which resounded vigorously. The little column numbering 35 paraded down West Main street, and while "at rest," the drum corps screened both newspaper offices. The men left shortly after 9 o'clock for the festivities in Columbus.

USES WAR SOUVENIRS TO STIMULATE RECRUITING

German war relics will be used to stimulate enlistments in the army during the week. Recruiting Officer Duerber, who is at the postoffice, has a large consignment of German war souvenirs and these will be on display at the lobby of the Auditorium theatre this evening from 6 to 11 o'clock, and the remainder of the week will be seen at the army recruiting tent at the fairgrounds.

The display includes German machine guns, rifles, bayonets, gas-shells, gas masks, helmets and other German army equipment. Recruiting Officer Duerber today enlisted four men—one of whom served with the 134th artillery of the 37th division. Among the recruits was Clyde C. Luning, 15 years old, a graduate of the Newark high school, and living at 194 1/2 East Main street. He has been employed as lineman for the telephone companies, and will enter a school for electricians in France. Arthur Burnside, 19, formerly with the 134th artillery, re-enlisted for cavalry duty on the Mexican border. Merle D. Barnes, 24 Union street, enlisted in the infantry. George Brooke, living at 388 North Fourth street, also signed up for service.

FIVE ADMIT SELLING LIQUOR.

Canton, Sept. 9.—Nick Datsch, entered a plea of guilty to the charge of having sold intoxicating liquors. He was fined \$300 and costs. Following his conviction five others entered pleas of guilty to violating liquor laws and were fined from \$150 to \$200 each. The state nets \$1,055.70 from the roundup. Warrants have been issued for eight more alleged violators of liquor laws in Canton.

ROBBERS CARRY AWAY VICTIM.

Toledo, Sept. 9.—Robbers at Sylvania, near here, last night carried one of their victims, Jacob Blackard, a baker, away with them and dumped him out of an automobile miles from home. Before looting his place, they robbed a hardware store. In all, the bandits secured \$1,500 besides a quantity of automobile tires and hardware.

TEACHERS ARE SCARCE.

Lima, Sept. 9.—Several country schools could not open here yesterday because of the lack of teachers. There are also a number of vacancies in the city schools.

CUSTER VETERAN ASKS LEADERSHIP OF G. A. R. HOSTS

Michigan Man Who Fought With Indian Hunter Is Candidate.

BIG PARADE ON PROGRAM FOR WEDNESDAY REUNION

Commander-in-Chief Offers Plan to Unite All Veterans' Societies.

Columbus, Sept. 9.—A second candidate for commander in chief of the G. A. R. announced himself today. He is William O. Lee, of Port Huron, Mich., an old Custer cavalryman. He is a past department commander of Michigan. To date his only opponent is Colonel James D. Bell of Brooklyn, N. Y. On account of the high cost of living, G. A. R. veterans in their encampment here will ask the government for an increase in their pensions. Resolutions favoring increases will go before the encampment business sessions.

The resolution will ask for a minimum pension of \$50 a month for every veteran and \$30 a month for widows of veterans.

Veterans of the Civil war continued to arrive in Columbus throughout last night and today aboard special and regular trains from all parts of the country to attend the encampment of which opened last night with addresses of welcome by Governor Cox and Mayor Karb. With other patriotic organizations, the veterans will continue their encampment throughout the week, caring for so many visitors has strained Columbus' housing facilities. While there is no way of checking the number of visitors here, Commander in Chief C. E. Adams said fully 250,000 would be here during the week.

Officials of the G. A. R. said James D. Bell, Brooklyn, N. Y., was the likely candidate to succeed Commander Adams at the election to be held during the week. John G. Chambers, Portland, Oregon, senior vice commander in chief, it was said, also will be a candidate for the office.

Three of the veterans, since coming to Columbus, have taken ill and are in hospitals. Two of them, Joseph Brook, aged 78, Port Orchard, Washington, and J. A. Sacksider, aged 65 of Nebraska, were overcome with the heat. There is no way of checking the number of visitors here, Commander in Chief C. E. Adams said fully 250,000 would be here during the week.

The veterans tomorrow will parade through the streets of Columbus. Soldiers of the world war and also of the Spanish-American war also will march.

Despite the fact that he is 99 years of age, William Bayne, who served with Commodore Perry and Admiral Farragut, says he will march in tomorrow's parade. Since 1914 Bayne, who is one of the oldest soldiers attending the reunion, has lived at the Soldiers Home at Dayton.

Although the majority of veterans have passed the three score mark, they are thoroughly enjoying themselves. On a platform erected in the state house yard, many of the veterans idled away hours dancing the "Virginia Reel" and other steps of the Civil war days to the music of a fife and drum corps. Mrs. James McNeil, Nazareth, Mich., aged 77 who says she has a dozen grandchildren and two great grandchildren, stepped off quite a few dances with veterans, some of whom were considerably older than she.

Washington, C. H.—Fire of undetermined origin damaged the H. J. Coffman lumber company to extent \$100,000.

MORE IRON CROSSES.

With the American Forces in Germany, August 25.—The German government recently completed arrangements for a new issue of iron crosses. According to information the American headquarters the Germans have placed orders for many thousands of crosses which are to be awarded to returned prisoners when they are released by the allies.

ASHUTABA NEEDS HOUSES. Ashutaba, Sept. 8.—This city has not one home for rent and many prospective residents are deterred from coming here on that account. Storage room for household goods can not be obtained. About 200 new houses are under construction and these are being purchased in most cases before they are enclosed.

SAFETY DEPT. TO KEEP OPEN HOUSE TUESDAY

Next Tuesday afternoon and evening the department of public safety will keep open house in the central fire station to demonstrate to Newark people the new motor apparatus recently installed in that station. The safety director has issued invitations urging Newark taxpayers to become familiar with what has been done in the department that protects the business section of the city, as well as the manufacturing districts.

Competent men will be present to answer questions. Demonstrations of the different apparatus will be given in the afternoon, and in the evening a program of music, speaking and other diversions will be given in the central station.

MEXICAN SOLDIERS KILL ALL OFFICERS

San Centro, California, Sept. 9.—Mexican soldiers at the garrison at San Luis, state of Sonora, Mexico, mutined and killed all of the officers, according to information received today by F. M. Cronholm, superintendent of the Imperial Irrigation districts whose headquarters are at Andrade, near the California-Mexican boundary.

WAR VETERANS SEEK MONEY FOR NEEDY MEN AND WOMEN

Captain David Mentler, of the Christian Army is in the city with Major D. G. Morris of the Canadian forces. They are both working in the interest of the Christian Army raising funds for Emergency Homes for down and out women and girls who need a meal, a night's lodging, medical aid, employment, communication with friends or relatives or a helping hand in any way.

Captain Mentler, lately discharged from the army, enlisted in Atlanta and saw one year's service, being sent to the border and then to France where he was stationed at Bordeaux with troop B, 15th Cavalry of the first division. Major Morris has not been discharged. They will have a booth at the county fair.

SAILOR IS COMMENDED.

Washington, Sept. 9.—William A. Bell, Sonora, Ky., commissary steward, atached of the U. S. S. Granite State has been commended for risking his life in a dangerous tide, in an attempt to save the life of an 11 year old boy at New York on May 28, by Secretary Daniels, and recommended to the treasury department for a life saving medal.

CABLE WALKER ELECTROCUTED.

Canton, Sept. 9.—Charles W. Martin, 14, attempted to walk from pole to pole on a telephone cable. He slipped and fell. To break the fall he grabbed a high tension electric light wire and was electrocuted. After the current was turned off members of the fire department released the body from the wire.

RAILROADER IS KILLED.

Youngstown, Sept. 9.—Preston J. Miller, Youngstown, died this morning of injuries received when an engine in the P. and L. E. shop yards at Struthers was derailed late last night. Three other men were injured, two seriously, as the engine crushed them against a string of cars.

MERCHANT KILLS BURGLAR.

Lexington, Ky., Sept. 9.—J. H. McGlinnes, a merchant near Paris, Ky., fired at three burglars trying to break in his store and killed Charles Morris, negro. McGlinnes was exonerated by the coroner.

Truth Everlasting.

The truth was never born, and it will never die. It is as old as the universe, and while the universe endures the fact that love is life and hate is death will endure along with it.

THE WALTZ IS COMING BACK

In the history of the dance it appears that no matter what the changes in the popular taste may be, the good old waltz, it side-stepped for a period, always comes back.

Most fathers and mothers will therefore welcome the information that in the midst of the tangled growth of fox-trot, "Shimmy" and jazz, the artistic and graceful three-quarter time Queen is showing signs of life that is not only demanding recognition again, but is actually getting it.

In a majority of the New York hotels, ballrooms, cabarets and other places of amusement where public dancing is the custom, a season ago one waltz an evening seemed to satisfy. This is not the case today. It may be that coming prohibition will cause a let-up in the craze for various modern forms of dance from which the waltz would be certain to benefit.

At any rate, the better-known composers of light music, quick to catch the new drift, have already turned their talents to waltz compositions. One waltz in particular that is being generally heard is entitled, "KENTUCKY DREAM," by the writers of last year's novelty, "INDIANOLA." The melody of "KENTUCKY DREAM" suggests the languorous South and the romantic "Blue Grass Section" which, combined with an appealing and appropriate lyric, makes an unusual composition. Concert singers have regarded it as a fitting number for their programs and it is also heard in better-class vaudeville acts. The composition is dedicated to the popular screen artist, Mabel Normand, whose photograph graces the title-page.

AMUSEMENTS

AUDITORIUM.

"Mickey." Few who saw "Mickey" know that Mrs. "Fatty" Arbuckle appeared in the picture. Nevertheless, she was very much in evidence throughout the picture, appearing as "Mrs. Drake's Lone Trump" and in the cast as Minto Duffree.

Those who saw the picture at the opening performances are declaring that the big race scene is just about as good as can be produced. One patron ventured the remark that "No such race had ever been seen on the Leaking county fair ground—race track." And judging from the applause and cheering, the patron must have just said it all. The race, however, is not the only prominent scene as a very realistic fight provides thrills aplenty, as also does another race of a different nature between train and auto. There is plenty of comedy, some of which is of the unusual kind. "Mickey" gets the sympathy of the audience from her first appearance and succeeds in holding it until the finish. She is of a sort of a "Tomboy" and only Miss Normand could play such a part. "Mickey" is fun of frolic. The comedy is built upon the reality of human incidents and situations. Every laugh is sincere. Those who have seen the picture have remarked at the wonderful character of the Indian woman. She is a real Indian

on the screen and during the race scene, they stood up in their seats and cheered. They certainly had a great time, thanks to both the local manager and the company manager.

"Howe's Pictures." Up in the wilds of inland Maine, on Lake Sebago, is located the famous Wobela camp for girls. The famous feminine Eden had never been visited by motion picture cameramen until recently, when Lyman H. Howe succeeded in getting some remarkable pictures of the camp for his silver jubilee program. Mr. Howe is bringing his anniversary Travel Festival to the Auditorium theatre soon. Hundreds of young women spend the summer months at Wobela, practically living in the water during the whole season. Each summer the camp turns out husky, healthy young women fully able to cope with the trials of modern life. Mr. Howe's cameramen succeeded in filming some exciting canoe races, aquaplaning feats, swimming and diving contests, tilting matches, etc., in which the pink of the country's pulchritude contest for first honors. The Wobela girls, as presented by Mr. Howe's Travel Festival, will make Mack Sennett's famous bathing beauties of the professional screen look to their honors.

Aside from the series of pictures taken at Camp Wobela, Mr. Howe's

and one of Mickey's greatest pals. Her name is Minnie-ha-ha. Manager Thomas, who has charge of the run during its stay in Newark, has arranged for "Mickey" to appear at the fair personally and she will be seen on the afternoon of Wednesday, Thursday and Friday. Mickey will be seen at the Auditorium for the balance of the week, with matinees daily and two shows at night, excepting Saturday when four performances will be given. This is really one of the big picture novelties of the entire season and no wonder large crowds have been in evidence during the past two day showings.

Scouts Saw "Mickey."

Mr. Fenberg of the Auditorium and Harry C. Thomas, manager of the "Mickey" feature, now attracting large crowds to the Auditorium, where it is showing for a full week, had as guests last evening Troop 6, Boy Scouts, with A. J. Gilbert, scoutmaster. The boys laughed, applauded and screamed during the fleeting scenes as they were shown

newest Travel Festival will include such features as a motion picture tour of the huge automobile steel plants; a hand-car ride down the Andes in Peru; some thrilling tarpon fishing off the Florida coast; a visit to the beautiful Magnolia Gardens near Charleston, S. C.; a hike over the Canadian Rockies; and visits to the homes and haunts of the famous motion picture stars. The best animated cartoons and trick pictures ever offered by Mr. Howe's Travel Festival have been created for the anniversary silver jubilee program.

Letter from Gaunder.

The following letter received by Mr. George Fenberg is self explanatory:

"New York City, Sept. 8th.

"Hello, George.—We just got here in time for the finish for it was all settled last night and we won. Now look out for the vaudeville people as they are on the war path now. Give an article to the papers in Newark that I start with a new Shubert show next Monday called 'Little Simplicity' and Ted Lorraine goes back with the Shubert Gaities of 1919 and we want to thank the people of Newark for the wonderful way they received our humble efforts during our stay in Newark. We also thank the Kiwanis club and the War Work committee. We both send our very best regards.—Signed Jack Gaunder and Ted Lorraine, care Elks Club.

Mr. Gaunder and Mr. Lorraine made tremendous hits with songs at the Auditorium a few weeks ago. The mention of "we won" means the actors' strike, which was just ended after six weeks' layoff of all road shows.

ALHAMBRA.

"Some Bride." with Viola Dana as the star, was shown at the Alhambra theatre yesterday to an audience which thoroughly appreciated its fine comedy and delightful acting.

Miss Dana is seen in the role of Patricia Morley, a young bride with "can't behave" eyes which are the constant source of annoyance to her jealous husband. Patricia is fond of life and flirting and is just a little bit careless of her husband's feelings.

"That he is unduly jealous is true, but she goes a little too far when she allows another man to kiss her. The rift between the two widens until it almost reaches the breaking point when Patricia, and her friend Victoria, devise a plan whereby Henry, the husband, is given the lesson he deserves and is brought to realize that he indeed has 'some bride'.

The play is brilliantly written and cleverly acted and gives an evening of real entertainment. The supporting cast consists of names well known to screen audiences and numbers such players as Irving Cummings, Ruth Sinclair, Billy Mason and Florence Carpenter. The picture was directed by Henry Otto and the production made under the personal supervision of Maxwell Cameron, Director General.

The last screenings are shown this evening.

Pauline Frederick.

True to the standard set in her first Goldwyn Picture, Pauline Frederick is again presented under the same auspices in a powerful drama of modern society. It is "One Week of Life," by Cosmo Hamilton, which comes to the Alhambra theatre beginning Friday and promises her admirers all that they expect of the colorful and fervent star.

As Marion Roche she is persuaded to step from her inconspicuous position into the shoes, not to mention gorgeous frocks, of Mrs. Kingsley Sherwood, to ride in the latter's limousine, sit in her box at the opera, meet all her friends and—dine occasionally with her husband. But as he is usually obscured by too frequent lighting, there is practically no chance of discovery.

It will be a week of life for Marion and for the other woman it will be also a week of life of another kind. She will be freed to enjoy herself as she has never dared before. Why the society woman wishes to substitute herself and how it happens that Marion is willing to enter into such deception—this is brilliantly depicted in the photodrama, together with the strange situation which grows out of the exchange. Pauline Frederick plays both roles, but

"MICKEY"

NEWARK ADVOCATE

Sept. 8th

At the first performance last night the house was packed. At the second performance it was also well filled. The scenes are wonderful. The race track scene is unquestionably the best that has ever been reproduced by the camera. The picture is well worth seeing the second time as a study in human nature. It covers the whole field.

NEWARK TRIBUNE

Sept. 8th

Crowded houses greeted the opening of "MICKEY" at the Auditorium yesterday, and to say that the feature gave satisfaction would be putting it mildly. The crowds cheered, laughed and even cried, but in the race scene you should have heard 'em scream.

A Dangerous Affair.

Manager Fenberg offers a very good feature at the Alhambra tomorrow and Thursday in Charles Miller's special film "A Dangerous Affair" in which Herbert Rawlinson, Florence Billings and Stuart Holmes are the Co-Stars.

Rawlinson needs no introduction to Alhambra patrons, for his Jewel Features are too well remembered. Stuart Holmes for a number of years was a William Fox star and of course Florence Billings is known to all movie fans.

"A Dangerous Affair" should be one of the hits of the year. Several added features will be introduced and Fair Visitors who are seeking Real Movies, will surely head for the Alhambra theatre.

The bill changes tomorrow to "The Wrong Room."

LYRIC.

The opening bill at the Lyric theatre by White's Cuty Dolls Monday afternoon was entitled "The Millionaire Trump." This company is superior to the one last week, and on the whole is really an excellent organization. Earl White, the proprietor of the show, is a clever comedian, a splendid dancer and general all around good man. His

Charles Stevenson, Julia Swayne Gordon and Agnes Ayres.

"A Stitch in Time" is adapted from the Broadway stage success of the same name, in which Irene Fenwick created the role of Robe-Anne, and the story loses none of its charm in the filming.

GEM.

Madeline Traverser is to appear at the Gem theatre tomorrow in a new William Fox photoplay "When Fate Decides."

It is said that Mr. Fox chose this play as a vehicle for this popular star because in its leading role it calls for exceptional emotional power and dramatic force.

MORE ABUSE OF WILSON.

Is there no limit to the abuse that the President of the United States must stand? Will the organization of Republican leaders, with the other dissatisfied elements of the nation never cease their dastardly attacks on a man who despite their abuse, their wilful misrepresentation and their intrigue stands stands today as the foremost man in all the world?
The latest is the sending out of an anonymous petition asking the impeachment of the President of the United States. True, the senders, nor those providing the money therefore have not dared to come into the limelight. They use the cowardly method. But the country has been flooded with these petitions, not that they hope to have them filled out by American citizens, but just as another step in the attempt to destroy the President.
There are those high in power today in America who are doing things that border closely into the line of sedition. There are those who for political gain, are ready to cast America on the rocks. They have a knife ready to bury deep into the American heart and why? Merely goaded to desperation by desire for political power for themselves.
America is indeed in the midst of the most critical period in her history. The Presidential election is 14 months away and the past few months have given ample evidence of what is to come.
It is as certain as the rising of the sun that the real Americanism the 100 per cent kind, in the country, will deal these elements and self-appointed leaders a blow that will be a warning that will leave nothing to conjecture.

ROSCOE'S PURPOSE.

Congressman Roscoe McCulloch is the Republican ferret selected to seek scandal in the building of Ohio can-tonnments. If Roscoe is as truthful in his Ohio "discoveries" as he was in regard to American troops in Italy, we may expect that he will find conditions terrible. While he is "detecting" in Ohio we would like to have him investigate the records made by the Ohio lads who were trained in the aforesaid results obtained, he is seeking 1920 campaign material some of which he hopes to use to make him governor next year.

TWO OHIO SENATORS.

We are glad that Ohio's Democratic senator voted against the absurd and death-dealing amendments to the treaty, in the committee on foreign relations. Senator Pomeroy was truly representing the thought and the position of the people of Ohio when he voted against the amendments. Senator Harding the Republican Senator from Ohio, voted with the Battalion of Death. He is in favor of killing the treaty and making a separate peace Germany.

In smart society of course the women ask whether tobacco is objectionable to the men before lighting up.

FOOD FIGHT SUCCESS.

The fight against food profiteers in Ohio has gained ground during the last week and as a result of the refusal of the supreme court of the United States to allow Columbus cold storage houses to carry their case up, 15 tons of pork were placed on sale Monday at prices far below the current rates.
This means that a wonderful victory has been won by Prosecutor Schlesinger of Franklin county and it will be only a short time until millions of pounds of foodstuffs, illegally held in storage throughout Ohio, will be placed on the market.
Since the food cost campaign was inaugurated by Governor Cox, the whole nation has had its eyes focused on Ohio. The Ohio plan of attack has been followed in many states. Assistance of the national government has been enlisted and definite progress is being made all over the country.
The Ohio governor holds that much of the nation's unrest is due to the action of food profiteers in whose hands the people have been helpless until this action was started. The lowering prices are indicative of the success of the official attack. The public is backing the fight of the authorities and although the battle has only begun there is reason for congratulation.
The real relief will come from preventing illegal practices and combinations and the restoration of the law of supply and demand. And the jailing of gougers also predicted, will help.

PRODUCTION COSTS.

One of the causes of inefficiency is the failure of producers of all kinds to ascertain productive costs. The commercial and manufacturing elements commonly blame the farmers because most of them never realize the costs of production. They will keep cows, for instance, that do not produce milk enough to pay for their feed. Yet the farmer is not the only loose business man. The Federal Trade commission reports that only 10 per cent of the manufacturing establishments know what it actually costs them to manufacture their products.
Many authorities on the modern science of production, hold that the industries of the country could multiply their product two or three times by a careful study of scientific efficiency methods.
Of course most producers make a rough estimate of what their costs are. They commonly take a very hopeful and optimistic view. They figure that under the most favorable conditions, they can turn out so many articles in a day, at a certain cost per article. But favorable conditions do not always exist, in fact are very apt not to exist.
When the year has passed, it has been found that owing to unexpected conditions and contingencies, the cost has been very much more. As a result, while good prices have been secured the business is done at a loss. Probably the industry has got to cease, throwing a lot of people out of work and scrapping machinery.
No industry, whether manufacturing or farming, or anything else, is on a sound basis unless there are not merely estimates of what the goods should cost but what they actually have cost under the varying conditions of operation. When business men get this method applied, there will be fewer failures, and the producers will be able to cut down the source of waste and delay.

THE 37th DIVISION.

Governor Cox's efforts in behalf of the new Ohio national guard have proved successful and the war department has finally agreed that the Ohio guard shall be known as the 37th division, thereby preserving the designation of Ohio's famous division in the world war. And we are sure that the new guard, in which many of the old are enlisted, will live up to the splendid traditions of the 37th division in making the world safe for Democracy.

An Incipient Financier.

Aunt Caline says:—Last nite jest as I had got the supper on the way, least-ways on the stove, a knock come on the door an' Alasie Zeen's little Ben come in. He took off his hat as polite as could be an' says he, "Aunt Caline, he says, 'I want to sea Uncle Zeke on a matter o' business,' says he. So I called Zeke to come out an' he done so. An' says Ben, 'Uncle Zeke, would you lend me your saw fer a cupple or three days?' he says, 'I'll promise to be jest as keef-ful' says he. 'Well, Ben,' says Zeke, 'I don't like to lone that saw, not to nobody.' he says, 'I think a offle job o' that saw. What did you want it fer?' says he. 'Well,' says Ben, 'I'm making a few chicken coops. You sea I have went into the chicken bizness,' he says. 'Oh, I didn't no it,' says Zeke. 'How many chicken have you?' he says. 'Well, I hain't got eny yet,' he says. 'I thought it you'd lend me some lumber an' rules an' your saw. I'd make up some coops,' he says. 'an' then I'd begin to save up my money to buy the pigs,' says he, 'to hatch out into hens,' he says.

One Drawback.

One of the chief drawbacks to the use of so much powder and rouge by the girls is that unless they are dis-criminately applied it so often causes the face and neck to look as though they belong to different periods.

HIGH RENTS.

In many places bitter complaints are made of advance in rents, some of them said to be most unreasonable and extortionate. Landlords however maintain that the advances are no more than enough to offset the very high cost of having houses painted, repared, papered and provided with modern plumbing.

Much of the industrial unrest is said to be due to difficulty in finding decently comfortable homes except at prohibitive figures.

The time has gone by when people will live contentedly in dilapidated tenements lacking modern conveniences. Yet at the present cost of building and maintenance, few people are interested to put up dwellings to rent.

All this is in large measure due to world wide conditions that will take time to overcome. Still tenants can do something to relieve them. If the occupants of rented houses were only willing to take better care of their premises, and put in a little time to offset their wear and tear, they would find landlords less likely to advance their rents. If the landlord has got to send a high priced workman to the place every time a window screen gets out or order, his repair bill will be heavy in the course of a year. If the tenant can and will make small repairs himself, he will find that his landlord values him and wishes to keep him in the house.

Did You Know
That a star is said to rise hellically when it rises just before the sun? When the sun approaches a star which is near the ecliptic the star becomes for a season invisible in the heavens being too bright in the quarters of sunrise and sunset, at the time of its rising and setting, to allow it to be seen. But when the sun, progressing in its orbit, separates from the star, and the star begins to rise first, it in time rises so much earlier than the sun as to be visible before daylight.

FAILED TO RECOVER HER HEALTH AFTER INFLUENZA ATTACK

This Binghamton Resident Tells Why She Can Recommend Dr. Williams' Pink Pills

"Following an attack of influenza," says Mrs. Mary E. Baxter, of No. 116 Hawley street, Binghamton, N. Y., "I was so badly run down that it was a great effort for me to get about. Nothing seemed to help me and I was getting worse all the time.
"I was very nervous and restless and started at every unusual sound. My sleep was broken and unrefreshing and as a result I felt tired and 'dopey' all the time. My stomach was upset and there was a pain in my left side after a meal. I also suffered from a severe, pressing headache.
"Several years before, I had taken Dr. Williams' Pink Pills as a tonic and they were so successful that I tried them again and was more than rewarded. In a short time my stomach was toned up so that I could eat a good meal with enjoyment. My strength slowly returned and I gradually overcame the nervousness. I can now sleep soundly and feel ambitious and active. Dr. Williams' Pink Pills are certainly an excellent tonic and I recommend them most heartily, especially for after-effects of influenza."
Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for the free booklet, "Building Up the Blood."

HOW ARE YOUR KIDNEYS? ASKS DR. CAREY, SPECIALIST

Famous Kidney and Bladder Physician Retiring From Active Practice Appoints Evans' Cut Rate Drug Store Agent in This Vicinity For His Great Medicine, Marshroot.

During his forty years of constant practice Dr. Daniel G. Carey has helped many thousands of despairing kidney diseased men and women in all sections of the country to regain robust health.

Don't take any chances with your kidneys. If you have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshroot at once.

Remember, Marshroot is not a cure-all or patent medicine, but is Dr. Carey's most wonderful prescription, which he now gives to the world and his army of patients only because he has decided to retire from active practice.

The thinnest signals often indicate that the kidneys are ailing and need attention. Dry skin for instances and little specks floating before the eyes. Sometimes the feet feel heavy, as if your shoes were full of lead.

Often the joints ache or you have quick, darting pains shooting through the back or side.

Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes.

Occasionally the hands or feet swell slightly and the palms of the hands are moist.

No regular practicing physician has devoted more time to the study of kidney and bladder diseases than Dr. Carey. He himself asserts that many thousands of cases of Bright's disease and even diabetes could have been conquered by Marshroot, if it had been taken in time. Hereafter you can always get this effective prescription at Evans' Cut-Rate Drug Store and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot. No other medicine can take its place.—Ady.

Experts or Theorists—Which?
The packing industry is intricate, complex—far more so than the railroads or the telegraph.
Every day multiplying needs of society increase its problems and multiplying responsibilities demand more of it.
Highly trained experts, specialists of years' experience, thinkers and creative men, devote their lives, their energies, their activities, to solving the problems of the packing industry and meeting its widening duties.
Swift & Company is not a few dozen packing plants, a few hundred branch houses, a few thousand refrigerator cars, and a few million dollars of capital, but an organization of such men. It is the experience, intelligence, initiative and activity which operates this physical equipment.
Can this intelligence, this experience, this initiative and creative effort which handles this business at a profit of only a fraction of a cent per pound from all sources, be fostered through the intervention of political theorists, however pure their purposes? Or be replaced by legislation? Does Congress really think that it can?

ASHLAND LADY SEES HOPE FOR MANY FRIENDS

Mrs. Manley Confident Others May Find Same Relief in Trutona.

Ashland, Ky., Sept. 2.—"I think Trutona is a very good medicine and I can recommend it to all of my friends, suffering as I did, and feel sure they will gain a wonderful lot of relief," Mrs. M. Manley, 608 East Front street, Ashland, said recently.

"The trouble seemed to be principally with my stomach," she continued. "My appetite was poor and I was usually in a constipated condition. I never had any desire to eat breakfast and when I did, it caused me a lot of trouble. I didn't sleep well at night either."

"Although I have been taking Trutona only a few days it has made me feel a whole lot better. The food I eat agrees with me now as I'm not bothered with the constipation any more. Why, I can hardly wait to eat my breakfast these days and what I eat never hurts my stomach one bit. I sleep better at night, too, than I have for some time and I feel better when I get up in the morning."

Trutona, the perfect tonic, is now being introduced and explained in Newark at W. A. Erman's Arcade Drug store.

How Candy Helps the Stomach to Perform its Task

The very thought of candy as a means of helping the stomach to function properly is interesting and appealing. From childhood up we have associated with medicines the thought of nauseating and bitter tastes followed by violent and unpleasant actions.

But Partola Tablets—"The Doctor in Candy Form"—have ended this unpleasantness, at least so appears a laxative is concerned. They are delicious palatable little peppermint tablets with that appealing after-dinner mint odor and flavor and without the slightest taste of medicine.

They sweeten and invigorate the stomach; clean the bowels and liver and aid in purifying the blood and put new life and pep into the whole system.

Because thousands of people, young and old, all over the country use Partola Tablets and consider them to be the only scientific mint candy laxative, they are sold by all druggists. Try them today yourself and see what wonderfully strengthening and invigorating effects they produce. 50c, 50c and \$1.00 boxes. Trial size, 10c.

FIND STOLEN JEWELRY IN BOYS' POSSESSION

Lester, Hartsough, 16, and Edgar Hartsough, 11, of Granville had a hearing before Judge Robbins Hunter this morning on a charge of theft and their older brother, Charles Hartsough, who is out of the jurisdiction of the probate court, will have a hearing in Mayor Shipley's court at Granville tonight.

The boys entered the Bollen home in Prospect street Granville, it is charged, and stole three watches, a lavaliere, and a watch chain. They are also charged with having entered the Jones home in Prospect street taking five rings, three watches, a pair of opera glasses and a cluster set which had been removed from a ring.

The watches and jewelry from the Bollen home were found in their possession excepting one watch which they had sold to a pool room manager for \$4.50. Some of the other jewelry has been found by Mayor Shipley and Probation Officer Sawyer.

At the hearing of the two younger boys, the youngest was discharged as he was in ill health and was probably influenced by the older boys. Edgar was fined \$10 and costs and given a suspended sentence to Mansfield.

CLAIMS ANOTHER'S PURSE; IS HELD AT CITY PRISON

Pearl Ruse is being held at the city prison in an effort to secure \$4.07 to repay Miss Beatrice Ashcraft for the money she took from Miss Ashcraft's purse.

According to the hearing in police court this morning Miss Ashcraft had her purse in the Citizens store in East Main street. In some way the Ruse girl learned it had been left there and she went to the store and secured it saying she had left it. After being taken in tow she denied having it but later stated she had secured it. Miss Ashcraft stated she would not prosecute the case if the money was returned to her, so the Ruse girl was given a chance to secure the money. She says her home is in Norwalk.

WELL KNOWN MAN OF ZANESVILLE LOST 60 POUNDS

Could Not Sleep, Nor Eat, Dragged Around in Halfhearted Ways; Filled of Pain and Aches—Friends Were Alarmed.

FOUND HEALTH IN DRECO.
For the past 31 years Mr. John N. Johnson has been in the employ of The Courier Printing Co., of Zanesville, O., and held in high esteem by this concern. In a letter just given for publication, he says:

"I used to weigh 210 pounds, but fell off to 150. I had no energy to do a thing, but dragged myself around at my work. My stomach was full of gas all the time; bowels bound up; kidneys didn't act right; had dull, aching pains in my back; was very nervous and couldn't sleep. I knew my liver was inactive, for I often had dizzy spells; taste in my mouth, and a thick, coated tongue. I was in such poor condition that my friends became alarmed over my condition. I tried several remedies without any success, but this new medicine, Dreco, has sure gone to the bottom of my ails and brought relief."

"My appetite picked up right away, and my stomach digested the food without causing gas, pains left my back; my liver got active; also, my bowels. I haven't had a dizzy spell lately, and gained six pounds on the first bottle of Dreco. It's great medicine and I feel better than in months. Feel Dreco, is my advice to anyone who reads this, and who is in the fix I was in."

Dreco is composed of the juices and extracts of many herbal plants, and does not contain any iron, mercury, potash, acids or oils.

All good druggists sell Dreco and it is highly recommended in Newark by Evans' Cut-rate Drug store.

DIVORCED COUPLE WILL TRY IT AGAIN

ELEVENTH STREET GIRL WINS \$5 BABY BOND

Miss Mabel F. Morgan, 348 North Eleventh street, is the winner of the War Savings Stamp offered in a prize by J. C. McFarland of the Senate Barber shop, 23 West Main street.

In July Mr. McFarland placed a doll in his show window having dressed the doll to represent a Red Cross nurse. By its side was a Thrift card upon which he pasted a Thrift stamp daily. He announced that the card when filled would be exchanged for a \$5 stamp and that the stamp would go to the first boy or girl who gave the name of the Red Cross nurse represented in the exhibit. Many boys and girls submitted answers and a number gave the correct name but Miss Morgan was the first one to give the right name—Edith Carroll and to her Mr. McFarland today gave the War Savings Stamp as a prize.

BUCKEYE LAKE PARK OPEN ALL THIS MONTH

With the announcement that fall festival and carnival night would be observed Wednesday and Thursday night this week at Buckeye Lake Park, the statement was made that the park would continue in operation throughout the month of September. There will be dancing every night. The special event Thursday night will include a harvest moon carnival in which old-time dances will be featured, with the old-time country fiddlers. Keinzle's Jazzers will furnish the music.

NAVY RECRUITING TENT PLACED AT CO. FAIR

A United States navy recruiting tent will be placed on the fairgrounds this week for the purpose of enlisting and examining men for the navy.

The navy offers a big opportunity to young men at the present time, offering them the choice of two, three or four years with war time pay. Aviation mechanics are given 30 days leave with full pay and re-enlistment money in cash.

The opportunity is also given to go to any one of the 55 trades and to learn any of the 55 trades. Two schools have been established where young men can get technical training preparatory to attending the naval academy at Annapolis, Md. The navy recruiting officer will be in attendance at the fairground to give information of every kind.

METHODISTS TO ATTEND CONFERENCE WEDNESDAY

Newark Methodist ministers and laymen are preparing to attend the annual conference for Ohio churches, which opens tomorrow at the Franklin Park M. E. church, Columbus. Besides assigning pastors for the local churches the conference will choose a pastor for the Neil Avenue M. E. church, Columbus, to succeed Rev. R. H. Fry, formerly of this city, who has become secretary of the City Missionary society.

A small brush and a cake of soap can be carried in the handle of a new safety razor designed for traveling men.

Telephone Service.

A PERTINENT QUESTION

What do the telephone users of Newark think is a fair return on the investment in the plant necessary for their telephone service?

What do the city officials think is a fair return?

These are pertinent questions, especially when addressed to our city officials.

The total investment in the plant of this company is somewhat in excess of its total of stocks and bonds—therefore there is no "watered stock".

Upon part of the stock a dividend of 7 per cent is paid and on part of the stock and all of the bonds 6 per cent is paid.

In other words upon a total capitalization of something less than the actual investment, less than 7 per cent is paid. Is that too much or is it about right or is it not enough?

We would welcome an expression on this question, especially from the mayor and city solicitor.

NATURAL GAS TO BE CUT OFF FROM NORTHERN OHIO

Cleveland Plans Fight On Ultimatum of Company.

ARTIFICIAL SUPPLY
Much Higher Rates Must Be Charged, Say Officials.

Cleveland, O., September 5.—Municipal and civic authorities of Cleveland and surrounding municipalities today are considering plans of action through which they may defy an ultimatum of the East Ohio Gas company, to the effect that Greater Cleveland's natural gas supply will be cut off at the expiration of present franchises, February 21, 1921. Martin H. Daly, president of the gas company, declared that no more natural gas would be available for this field. His company, he said, would supply artificial gas only at a much higher rate. Inasmuch as many of the downtown cities have recently made new contracts and franchises, few of them will be affected by the new decision of the gas companies for many years. —Cincinnati Times-Star, Cincinnati, O., Sept. 5, 1919.

"The Hog of the Hour."
[National Crop Improvement Society.]
ALL OF the Poland China hogs have descended from the old Warren county (O.) hog, and the best types have been bred up through the Russian hog which was a large white animal and the big English Berkshire with about four other breeds in between. Originally the Poland China was very large, heavily boned and of considerable length. It became the custom for breeders to develop a smaller and shorter and more quickly maturing type, so now there are three or four kinds of Poland Chinas. Many complaints are being made, however, that where the old-fashioned hog was raising a litter of from nine to twelve pigs easily, the smaller hogs are producing from three to six or eight pigs and not always successfully.
"So therefore there has been a great reversal in sentiment and breeders are returning rapidly to the old type," says Mr. Fred L. Obenchain, Bain-

bridge, Ind., secretary Spotted Poland China association.
"There are a number of successful breeders in central Indiana who have continued breeding the large, sturdy type and it is the general opinion that this big Spotted Poland China has come to stay. We have organized our association to look after the interests of this hog.
"They usually weigh from 400 to 800 pounds at maturity and frequently more. The mothers are great sucklers and the pigs quick growers. They are spotted black and white; have rather a large ear and tail, and a little coarser hair than the smaller types.
"Breeders will take no chances in changing from their present breed to the Spotted Poland China because they have been established so many years.
"The association will be glad to refer county agents and others to breeders of foundation stock and to see that they get what they bargain for. The Spotted Poland China is the hog of the hour."

Cleveland Produce.
Cleveland, Sept. 9.—Butter, cheese and eggs unchanged.
Poultry: live fowls, 25 to 28c; springers, 27 to 28c.

Wall Street.
New York, Sept. 9.—Aside from nominal recessions in United States Steel and several of the popular oils, leading stocks moved to substantially higher levels at the opening of today's market. Shipments and equipments made initial gains of 1 to 2 points but these were soon eclipsed by a to point jump in Crucible Steel and bank rallies in Mexican and Pan American Petroleum. Motors and the specialties also contributed to the strong undertone. Before the end of the first half hour Crucible extended its lead to 17 points. Baldwin Locomotive meanwhile advancing seven, with a sharp rebound in United States Steel and affiliated shares.
The first uprush of prices accompanied rumors of a favorable turn in the labor situation. United States Steel rose 1 1/2 points and additional early features of strength included Bethlehem Steel, Republic Iron, American Locomotive, Marine Preferred, American International, Studebaker, General Motors, U. S. Rubber and American Woolen. Reactions soon set in, heavy profit taking being attributed to traders who disliked the sensational movements of Crucible Steel. That stock fell back 3 points and reversals elsewhere ranged from 1 to 3. Oils and steel equipments led another rally at noon.

Chicago Grain Review.
Chicago, Sept. 9.—Sharply lower prices in the corn market today resulted chiefly from the unexpected bearish showing of the government crop report. Opening prices, which ranged from 3-4c to 5-12c lower, with Sept. 11.01@11.62, and Dec. 11.27@11.29, were followed by a further drop in September and by moderate rallies in December and May. Oats declined with corn. After opening 1c to 2-5c down, including December at 71 to 71 5/8, the market displayed little power to rally.
Weakness of prices of grain and hogs pulled down provisions. Selling, however, was not aggressive.

What's In Your Bottle of Milk?

YOU are right to rely on milk! It is your best food—it brings health and strength—it is the least expensive nourishment in existence.

But what if you could get a milk just twice as rich, twice as creamy, twice as nourishing as dairy milk?

You can. That double richness—that nourishment of twice the quantity of dairy milk—is exactly what you get in a bright tin of Every Day Milk. Nothing is added—nothing but water taken out.

And although you will enjoy its cream-like taste and its richness, you can buy it for much less than the cost of cream!

That is why women like you, who care about housekeeping, use Every Day instead of cream on cereals and in coffee—in cooking—and give it (with water added) to their children to drink.

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.

PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 35c. package of the new golden chemical P.D.Q. (Pesty Devil's Quietener) is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be or where they came from, their age, color or sex, and at the same time leaving a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35c. package makes a quart of P.D.Q., and will

go farther than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you see for, then you'll have what doctors prescribe.

KILLS PLEAS ON DOGS. It's fun to see the fleas drop off your pet dog.

KILLS CHICKEN LICE. No use for your chicken to have lice. A 35c. package mixed makes a gallon of chicken lice killer. Your druggist has it, or can get it for you.

Crystals That "Healed." "Healing" is a phenomenon observed in the mineral kingdom, crystals being occasionally found that have been broken and afterward reunited through chemical or mechanical action. A century and a half ago Sir David Brewster called attention to healing in glass, and at a recent meeting of an English microscopical club pieces of heated glass formed a novel exhibit. A magnifying glass had become cracked while in use in the usual metal ring mounting. The ring was tightened up, and the broken surfaces became gradually attached or healed. Another piece of glass had been cracked and afterward clamped, and the cracked parts had not only become firmly joined but the point of union was to be detected only with difficulty. The glass, however, appeared to be not quite as strong as before.

Fortunate Fish.

Weird and wonderful are the ways of willmakers. Fifty pounds sterling a year was recently left by an eccentric old gentleman in the north of England for the upkeep of a tank of perch which he had placed in his garden. The bequest calls to mind that of a certain lady who left £70 a year for the maintenance of three goldfish. provision also being made in her will for flowers to be played on their graves. It was also affection for his pet carp, which he kept in an elegant massive bowl in his salon, which led an Italian count to leave a handsome annuity for its benefit, with special directions for its treatment.—London Mail.

Courtesy Always Pays.

When you mingle courtesy with business principles you take out insurance on success. Ross Winans was only acting the part of a gentleman toward two foreigners whom he was showing through his shops in Baltimore. It later developed that they had been sent to America by the czar to select a man to introduce the manufacture of locomotives into Russia. While there were many larger and better equipped shops than his he was the man chosen and within a few years his annual income had reached the \$100,000 mark. Good manners have a way of getting where brusqueness and force have difficulty. The grace and charm of Josephine did more to make France safe than the sword of Napoleon. The courtesy of well-bred manners carries men to fortune and power not possible under any other circumstances.

Ark of the Covenant.

The ark of the covenant was the sacred chest which the Lord directed Moses to make to contain the tables of the law which he had received on Mount Sinai. It was 4½ feet long, 2½ feet wide and 2½ feet high. It was covered within and without with gold and was carried by staves inserted in rings on the corners. This ark of the covenant was the most sacred possession of the Israelites. It was placed in the holy of holies in the tabernacle and later in a similar position in Solomon's temple, where it was closely guarded.

Prettiest Princess in the World Doughboys' Guest at "Y" Overseas

Marie of Roumania, Chaperoned by Queen, Visits Hut at Aix-les-Bains and Witnesses Games Staged by Soldiers

"The prettiest princess in the world," she is said to be, and several thousand doughboys who got a glimpse of Princess Marie of Roumania when she visited the Y. M. C. A. hut at Aix-les-Bains, France, a while ago, will chorus a confirmation of this.

With Queen Marie of Roumania, whose beauty is famous in every European capital, the little princess paid her visit to the "Y" hut and inspected it from end to end. Then, for the amusement of the royal guests, the doughboys put on a series of games out in the open near the hut. Some of these games required a good deal of nerve and skill, while others were just uproarious contests which served as good comedy for the distinguished visitors.

But no "Y" hut of all the hundreds overseas was ever complete without dancing, and soon a dance was started with one of the snappiest "jazz" orchestras in all the A. E. F. synopsizing the latest Broadway tunes. Princess Marie has never seen Broadway, but the appeal of dance music, whether it be in the U.S.A. or in far Roumania itself, is universal, and soon the small royalty said she would like to dance.

Instantly there was a scramble among the boys, largely one of curiosity, for it was not suspected that any of them would get a dance with a real princess. That was,

PRINCESS MARIE

where they were mistaken. Several generals, and a liberal scattering of major-generals, colonels and majors were present, but it was not for them that Her Highness had forgotten court restrictions. More than a dozen doughboys became the envy of their comrades by getting fox trots and one steps with the princess, "cutting in" in regular A. E. F. fashion to the great delight of their guest and the amazement and perturbation of the royal party.

Queen Marie completed her call by paying the "Y" a high tribute for its work overseas for the comfort and safety of the American forces.

Too Ill to Work

Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

Here is a Notable Example

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."
—Mrs. TIMOTHY GRANEY,
426 Connor Ave., Joplin, Mo.

And Another

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."—Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.

USE SALTS?

Yes, If It's the "AMBITION" KIND.

Don't use the harsh, unpleasant, old-fashioned salts that irritate your palate and stomach to take. Use AMBITION SALTS—the new, pleasant, effervescent preparation that tastes so good and acts so quickly. Purify your blood, drive the dangerous uric acid poison right out of your system and you'll feel better right away.

Go to T. J. Evans today and get a big bottle of AMBITION SALTS for fifty cents. If it doesn't do all we claim for it your money back on the first bottle purchased. Take it for indigestion, biliousness, acid stomach, headache, constipation, rheumatism, gout, liver and kidney trouble. Get your whole system working right and be 100 per cent efficient.

BECAUSE EVERY EYE DOES ITS BEST

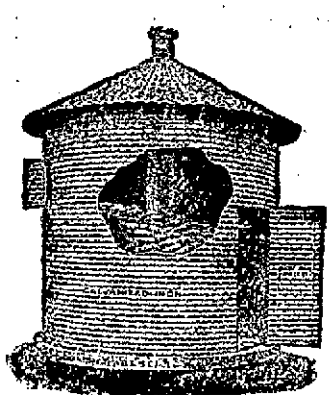

To see normally, in cases where this is impossible, a strain is produced. If an abnormal eye didn't try to see at all, there would be no pain. But every eye makes an attempt to give the best possible service, and in doing this, where abnormalities exist, the muscles are put to a strain that affects the whole nervous system. Maybe YOUR eyes are laboring against odds. Let us tell you.

We Are Dodcelano Monuments!

Which our makers [thought Good Enough to Exhibit at the Annual National Convention and Exhibition of the Retail Monument Dealers of America.

We heard more nice things said of us than of any other work shown at this meeting, and saw only pleased faces look upon us.

We are made of the very best material that the world affords for the making of cemetery memorials as we have a delicate color combined with the strength to stand for all time.

We are made in honest shops by skilled artisans, whose delight is to finish only artistic work, and hence have only satisfied customers.

We are now ready to serve our purpose in life by being truly graceful and artistic memorials, which should be the ideal of every monument.

We are glad that C. V. Priest of the Newark Monument Company saw us as soon as he did for he bought us from the convention floor and has shipped us to Newark where we are now being shown in their sales room at 136 East Main Street.

We now want your approval and hope you will come and see us.

LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

News to Many.

The jaw of the shark furnishes the best watchmaker's oil. In each shark is found about half a pint.

Accidents will occur, but infection need not.

You never know just when it is going to happen. Generally without warning a slip is made—a deep cut—a broken and bruised skin is the result. That's the time to be careful—to guard against infection. There's safety and security in a jar of Resinol Ointment.

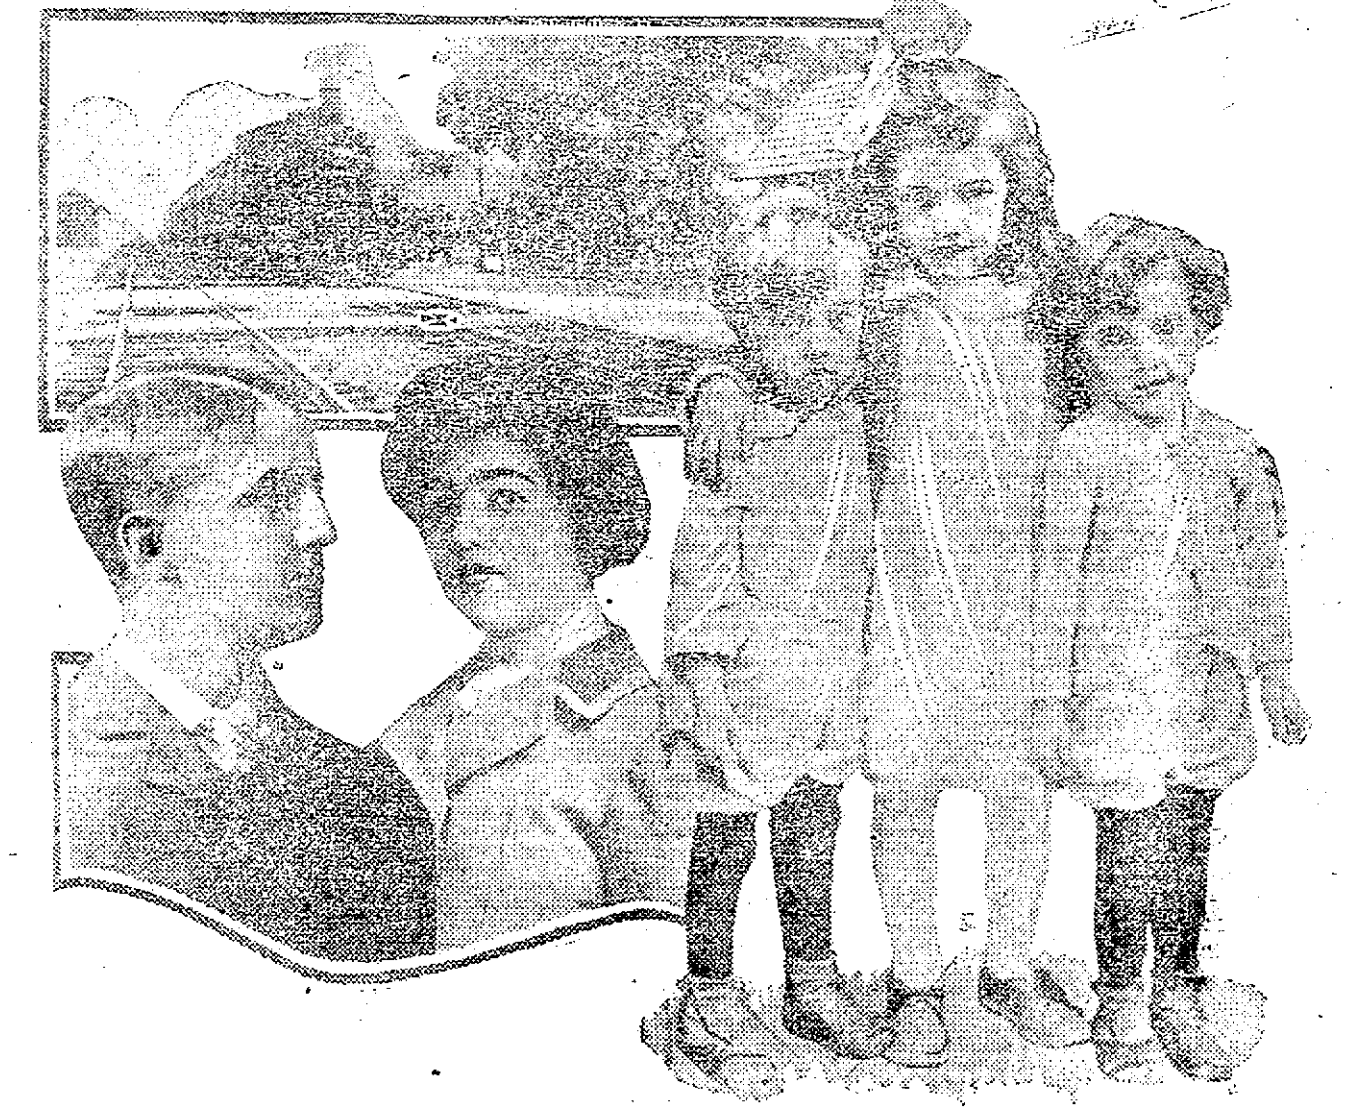

Anoint the wound and bandage—it heals twice as fast this way. Resinol Ointment and Resinol Ointment used jointly are excellent for the treatment of all skin disorders on limbs, body and face. They work quickly and well.

FAILING TO FREE HIS WIFE, CAUGHT IN RAILROAD TRACK,

HUSBAND CLASPS HER IN HIS ARMS AND DIES WITH HER

William Tanner and his wife: spot where tragedy occurred, indicated by cross and showing how train bore down upon them, and three Tanner children made orphans by the accident, Helen, five, and William and Lyman, twins, three years old.

William Fitch Tanner, Hubbard Woods, Chicago suburb, and his wife were crossing the Northwestern railroad tracks at the station near their home when Mrs. Tanner's foot became caught between a rail and the wooden sidewalk. A train was rushing toward them. Tanner tried to free her foot, but couldn't. When he saw nothing could be done he stood up, clasped her in his arms and waited with her to meet death. The train killed both. The couple left three little children.

Call for Reformation.

When pinching the dollar leaves a deep mark on the heart of its owner, doesn't it seem as if he would let up? But few of us have anything to brag of in that line. Our souls are scarred from end to end with the marks of our penuriousness. Shame on us! Let's quit it!—Exchange.

COUNTY CHURCHES OF CHRIST HOLD MEETING
 The thirteen Churches of Christ of Licking County held their ninth annual meeting Sunday in the Central Church of Christ. It was an all-day and evening meeting. The North Side Church of Christ and West Side church, and others from the county, enjoyed a big dinner together at the church. The chief speaker of the day was Stephen J. Cory, who gave three addresses. The meeting was under the direction and management of the Licking County Union of the Disciples of Christ. Rev. J. Wesley Hatcher, pastor of the North Newark church; Rev. E. W. Thordent, formerly of Cincinnati, now resident master of the North Newark church; Rev. Mr. Bass of the Croton church; Rev. Mr. Carman of Central church; Rev. Mr. Carter, pastor Hebron church, and president of the county union, were present. Business sessions were held in the afternoon; addresses and officers were elected for the ensuing year, and resolutions adopted. A unanimous vote of thanks was tendered the ladies of the Central Church for their services and hospitality.

Y PLANS BIG
SEASON IN GYM

Classes Will Open Sept. 15
and Building Is Being
Placed In Readiness For
Work.

In preparation for a very active season the Y. M. C. A. staff has been busy during the last few weeks rearranging the rooms.
A demand for more space for the men necessitated the moving of the boys assembly rooms to the second floor. The entire ground floor will be devoted to the use of the adult members and in addition reading rack, writing table, checker tables and two pocket billiard tables.

The school boys' room has a shuffle board, bowling game reading table and smaller games, the room set aside for employed boys holds a billiard table, reading table, checker games etc. The walls in these two rooms have been decorated to suit the juvenile taste.

The H-Y club which is in its third

year will continue operations on the third floor. This club fitted up a room last year, but owing to the jumbling up of school schedules Secretary Lender decided to push a regular schedule with the club, fearing to take precious time from school work. Consequently the room was more used for social purposes than constructive club work. Regular meetings will be held this year.

A small office has been made on the second floor fitted for the use of the physical director, where all boys entering gym classes will be given a careful examination. The locker accommodations have received their share of overhauling, and are in good shape. The football squad of the high school has been assigned a room of lockers and other groups are housed together. The smaller boys will be cared for by a group system of lockers which will help to do away with the constant loss of clothing which takes place when small boys shed their clothes, intent on more interesting work than its care. It is hoped the business men's locker capacity will be strained necessitating the purchase of more. Allison & Son removed the gym mats for renovation, and when the men and boys assemble for class work all will be in readiness. Classes open the week of September 15. Examination for class leaders will take place Tuesday, September 9.

KIWANIS CLUB HEARS
PAPER ON GOLF HISTORY

At the noon meeting of the Kiwanis Club Monday, R. L. Williams was introduced as the new member. Mr. Williams has a drug store in Hudson avenue, and completes the number of that location in the club. Carl Ruell was the guest of L. G. Milner and gave an interesting talk.
Wm. Wobbecke, of the Durke Golf company read an interesting paper on golf. According to Wobbecke the game originated in Holland, but from the support it received in Scotland it carries that nationality. Four hundred thousand acres are devoted to golf links in this country and the area is increasing. Ten and a half million dollars is annually spent for golf balls, and six million for club. The product of the Purdie Golf company is distributed worldwide. Its stock took first prize at the San Francisco exposition. Wobbecke has been associated with the local company a little over a year and is a charter member of the Kiwanis club. Incidentally he is the only golfer in the club, therefore it was imperative that the Rotarian challenge to a golf tournament be turned down.

BABE RUTH HITS OUT
26TH HOMER OF SEASON

New York, Sept. 9.—Boston defeated New York in both sections of a double header here yesterday, the scores being 3 to 1 and 2 to 0.

In the eighth inning of the first game Ruth hit a home run into the right field for his 26th home run of the year, breaking the established major league record. Freeman of the Washington National League club had held the record for years when he hit his 25 home runs in 1899.
In the third inning Ruth crashed into the left field fence in catching a difficult foul from a batter. The impact knocked him down and injured his right elbow. He was out of the game for five minutes.

TOLEDO CLUB AND
GIANTS WILL PLAY

Toledo, Sept. 9.—The Toledo American Association club and the New York Giants of the National League will play an exhibition game here on September 17, according to announcement today by Roger Bresnahan, president of the Toledo club. The game was booked with the understanding that in case of rain on September 16 when the Giants are playing at Cincinnati the game here will be canceled.
